The Guernsey Autism Partnership (GAP)

Support, advice and signposting drop-in service for anyone in the local community who may be affected by autism.

Ensuring a positive future for autism

Who we are

The Guernsey Autism Partnership and the National Autistic Society (Guernsey branch). We are here to understand and respond to the needs of our local autism community.

Our aim is to:

- Support individuals to access the services they need, whether these are within the community or autism specific.
- Signpost individuals to available services and identify any gaps in provision.
- Offer guidance to overcome barriers such as an unaddressed diagnosis and delayed intervention of support.
- Provide access to a library of information and resources about autism
- Offer a safe and friendly place to speak confidentially with someone who understands autism.
